instructor caused him to be sent to other camps along the Atlantic seaboard, until he received his discharge, in September of last year. He was selected for the duties of physical instructor for Recreation Park by the American Thread Company from a large list of applicants. As Mr. Macklin played shortstop on the Rhode Island College nine, Manager John McQuillan is to give him a tryout in this city and he may soon appear as a regular on the company team.

The plan of the company in bringing Mr. Macklin here is to give all the employes a chance to take up some form of athletics; day and evening classes are to be formed. Mr. Macklin will also be swimming instructor at the beach on Natchaug river during the summer. Instruction in athletics is not to be for men only, but women are to take up lighter forms of athletics, such as roque, tennis, etc. A women's baseball team is also to be formed. Women are to be given Tuesday and Thursday during which to practice and the showers will be for their exclusive use on those days. Men and boys will have Wednesday and Friday afternoons for their practice, these being the days on which the company team holds practice.
